because

YOU ARE A LEADER!

➤ **Your leadership is vital to our ministry impacting the next generation.** Renew your excitement about what you do and why you do it.

➤ Be inspired by and meet national, regional and local presenters, exhibitors and influencers face to face. Leave with new tools, skills and ministry resources.

➤ Be encouraged and equipped through practical workshops that spark ideas to implement and develop—making your ministry more effective and fruitful.

➤ Laugh, network and play games with others in your local community passionate about helping kids and families love, follow and serve Jesus.

➤ Have fun. There is nothing like the energy in room full of like-minded people who are taking time to learn new concepts to bring back into their ministry setting.

➤ **You're worth the investment.** And investing in your knowledge, skill and resource base trickles down to impact and influence the children and teenagers we serve.

➤ Recharge is a ministry of Youth Leadership who, for almost 50 years, has been transforming the lives of the next generation by equipping, educating and encouraging leaders like you. **Plan now to come to this mid-year ministry boost.**

testimony

"Recharge always encourages ... and gives real tools and inspiration to bring back to my ministry."
